

Frequently Asked Questions

For 6-12th Graders

How much can I earn?

Existing GROW students participating in 6–12th grades may **earn up to \$300 in incentive deposits** each school year by completing eligible virtual financial education modules and activities. That's up to \$300 added to your account each year.

How do I sign up to continue earning incentives in 6-12th grades?

Your parent/guardian should create a profile on the [AFEC Financial Education Platform](https://www.arfinancialled.enrich.org) by visiting www.arfinancialled.enrich.org and clicking "Sign Up" in the upper-right corner.

Your parent/guardian **must register with the same email address** on file with the GROW Foundation. This is to ensure the profile is properly linked to your GROW savings account. Please reach out to the GROW Foundation at info@growARfutures.org if you are unsure what email is on file.

Together each school year, you and your parent/guardian should complete the GROW modules located in your GROW Dashboard on the AFEC Financial Education Platform. Every completed financial education module earns a **\$50** incentive deposit, up to \$300 each year.

Why does my parent/guardian have to sign up for the AFEC Financial Education Platform?

The platform requires all users to be over the age of 16 so your parent/guardian **must** be the registered user in order for you to complete the course together and earn incentives.

When can I have my own account on the AFEC Financial Education Platform?

Once you turn 18, you can set up an account in your own name to use into adulthood.

What is the AFEC Financial Education Platform?

The [AFEC Financial Education Platform](#) was created by the Arkansas Financial Education Commission in partnership with Enrich. The GROW Foundation has partnered to provide this resource to all GROW scholars in 6–12th grades through a free account established by their parent or guardian.

Which modules are GROW-approved and eligible for incentives?

Eligible modules can be found on your GROW Dashboard located on the [AFEC Financial Education Platform](#). Only completed courses designated as GROW-approved will qualify for incentive deposits. The list of eligible courses may be updated periodically.

Can I retake modules for incentive credit?

No. Incentives are awarded only once for the successful completion of each eligible modules. Retaking a module will not result in an additional incentive deposit.

When will my incentives be added to my account?

Once a semester, the GROW Foundation will track your progress and credit your GROW 529 savings account for earned incentives. You will see these incentives on the quarterly Arkansas Brighter Future 529 statement mailed to your home.

Are we able to do other modules that look interesting on the AFEC Financial Education Platform?

Yes! Your parent/guardian can check out the other resources available on the AFEC Financial Education Platform for themselves while also helping you complete the GROW modules. Exploring this powerful resource is encouraged.
